HUNTER HOWARD, AGED 30, VIC  
TIM OF ACCIDENT NEAR  
SCARBORO.

## MACHINE RAN OFF ROAD

Plunged Down An Embankment and  
Turned Over Three Times—  
Driver Hurt.

Hunter Howard, aged 30, an em-  
ploye on the Rieister farm a mile  
north of Lee, was instantly killed at  
about 9 o'clock Thursday night when  
an automobile in which he was riding  
slid off the road near Scarboro, turn-  
ed over three times and buried him  
and Clyde Edwards, the driver of the  
car, underneath.

The two young men, according to  
the testimony introduced at the in-  
quest held by Coroner Stephan this  
morning, were driving rapidly in  
their Ford auto, with no lights, when  
suddenly the front wheel left the  
road.

### Life Crushed Out.

It was impossible to stop the car  
and it plunged down the embankment  
and turned over three times. Both  
were pinned beneath the car and  
Howard was instantly killed, while  
Edwards was badly injured.

The deceased young man has no  
relatives in this part of the country  
and the disposition of his remains can  
not be determined until word is re-  
ceived from relatives in Pennsylvan-  
ia.

## Lowden's Farm And The Colonel At Work Being Shown Throughout State

Chicago, Sept. 8.—Frank O. Low-  
den's Sinnissippi farm was brought  
to Chicago today by the "movies."  
The story of that picturesque stretch  
along the Rock river is being told  
here on the screens of 200 theatres  
and numerous other cities of the  
state are to have opportunity to see  
the films before next Wednesday's  
primaries. It means fast work, but  
the picture men say they'll "cover Il-  
linois with reels."

Colonel Lowden had taken a day  
off from his campaigning when the  
camera men descended upon him.  
They found him in his shirt sleeves,  
busy as ever any farmer with his  
dairy herd, inspecting his fields, test-  
ing his fences. In muscular work out  
of doors he was finding recreation  
and relief from speech-marking.

Mrs. Lowden and the children ac-  
quiesced in the plans of the moving  
picture men. So did the little con-  
valescent.

Crime of Sodomy.

Joseph L. W. Sullivan, colored, was  
bound to the September grand jury

Hanneken this morning on a charge  
of sodomy preferred by Mrs. Edna  
Neal in behalf of her 14-year-old son,  
Norman, the victim of Sullivan's al-  
leged attack.

The defendant is alleged to have  
committed the crime shortly before  
noon yesterday along the river at the  
rear of the Dixon Inn, where he had  
been fishing. He compelled compli-  
ance with a heavy stick, with which  
the boy charges he struck him on the  
head several times.

Commissioner Van Bibber and De-  
puty Sheriff Schoenholz arrested Sul-  
livan at one of the C. & N. W. bun-  
cars in the railroad yard here about  
5 o'clock and he was promptly iden-  
tified by the lad. Sullivan has been em-  
ployed at the colony, but was taking  
yesterday off. He claims New Orleans  
as his home, and it is said he has  
served time in a Louisiana reform  
school. He is 19 years old.

Mrs. Neal and her son, whose home  
is in Chicago, have been here several  
days visiting their husband and father,  
who is employed at the cement  
plant. During their stay they have

## HANDING IT TO THE WIDOWS

Senate Passes Bill Boosting Their  
Pensions 66 2/3 Per Cent.

Washington, Sept. 8.—A bill giving  
to widows of officers or enlisted men  
who served in the civil war or Mexi-  
can wars or the war of 1812 and who  
have reached the age of seventy years  
pensions of \$20 a month instead of  
the present \$12 a month, was passed  
by the senate. It already had passed  
the house.

Widows of civil war soldiers drop-  
ped because of marriage to another  
person are restored to the roll by the  
bill.

met with by Monday, the employees  
threaten to start a general movement  
for a strike.

Wabash shopmen and road officials  
in St. Louis will consider the problem.  
Every road entering Springfield is af-  
fected.

## FALSE RUMOR

A report was current yester-  
day in some sections of the coun-  
ty that no children would be ad-  
mitted to the grounds of the  
Lee County Fair at Amboy next  
week because of the fear of con-  
tagion of infantile paralysis.  
This report is emphatically de-  
nied by Secretary Wm. L. Leech  
and there is no grounds for the  
story.

## CONGRESS ADJOURNED AT TEN O'CLOCK TODAY

EMERGENCY REVENUE BILL WAS  
LAST ACT ADOPTED  
BY BODY.

## TWO BILLION DOLLAR FUNDS

Appropriations By Congress Largest  
In History—Was Great  
Session.

(Associated Press)

Washington, Sept. 8.—Congress ad-  
journed sine die at 10 a. m. today.  
Last night both houses accepted the  
conference report on the Emergency  
Revenue bill and the conferees ap-  
proved the general deficiencies of the  
Appropriation bill. The senate began  
its session at 8 o'clock following an  
adjournment at 10 o'clock upon the  
passage of the Emergency Revenue  
bill.

### Owens Withdraws Bill

Senator Owens announced the with-  
drawal of his Corrupt Practices bill,  
charging a republican filibuster to  
prevent a vote. He announced that he  
would bring the bill up next session.  
The senate passed the Curtis resolu-  
tion directing the lobby committee to  
report next session, and also passed  
the Homestead Grazing bill.

### Was Great Session.

The house convened at 8:30 o'clock  
and Speaker Clark and Republican  
Leader Mann exchanged the usual fel-  
icitations. Clark said: "No session of  
congress within my recollection has  
stayed in session so many days. I  
worked so many hours." Soon after  
the house convened the president ar-  
rived at the capitol to sign the bills.

In many respects it has been the  
greatest session of congress in his-  
tory. The session appropriated \$1-  
626,439,000, which with obligations  
and authorizations for future use  
makes a total of \$1,858,384,600.  
Greatest On Record.

These figures were announced in  
speeches by Fitzgerald, democrat, of  
New York, and Gillett, republican, of  
Massachusetts. They were defended  
by the former and attacked by the  
latter as being half a million greater  
than any session of a republican con-  
gress.

The democrats lauded the record  
of the session which was dominated  
chiefly by national defense prepara-  
tions at a cost of more than \$600,-  
000,000. Republican taunts of a  
"Two Billion Congress" were met by  
declarations that the "United States  
is a two billion country."

Under pressure from the state de-  
partment two of the most drastic  
amendments to the revenue bill pro-  
viding for retaliation against British  
discrimination were stricken out. One  
of these is the Phelan amendment, de-  
nying the use of the mails and cab-  
les to foreigners who obtain the busi-  
ness of American firms through the  
operations of the British blacklist.  
The other is the Chamberlain amend-  
ment retaliating against the Canadian  
practice of refusing to furnish supplies  
to American fishing ships in the Pa-  
cific.

These amendments were adopted by  
the senate committee and were ex-  
pected to pass. When they came up  
in the house and senate conference  
committee, they were thrown out at  
the demand of the state department  
which represented that they would  
be likely to lead to serious interna-  
tional complications.

It is understood that this attitude of  
the state department was the result of  
a hint dropped by the British am-  
bassador.

## MINISTERS REFUSE HULL ENDORSEMENT

DIXON PREACHERS FAILED TO  
FALL FOR DICTATION BY  
ANTI-SALOON BODY.

At a meeting of the Ministerial  
Assn. at the Y. M. C. A. this after-  
noon George Carpenter and Fred  
Brewer were unanimously endorsed  
for representatives from this district.  
It was the consensus of opinion that  
it was not the part of wisdom to en-  
dorse Hull for governor, and in fact  
there seemed to be considerable senti-  
ment for Col. Lowden. As far as the  
preachers are concerned they can  
vote as they please for governor, de-  
spite the Anti-Saloon League's endorse-  
ment of Hull.

## EX-MAYOR FRANK EDWARDS PASSED AWAY THIS MORN

LONG BATTLE AGAINST PERNIC-  
IOUS ANEMIA LOST AFTER  
GREAT FIGHT.

## FUNERAL SUNDAY AT HOUSE

Last Rites For Departed Citizen Will  
Be Held At North Dixon  
Residence.

Isaac Frank Edwards, ex-County  
Superintendent of the Lee County  
Schools, and ex-Mayor of the city of  
Dixon, passed away at the Dixon hos-  
pital at 10:40 o'clock this morning  
after a long and valiant fight against  
pernicious anemia, with which he had  
suffered for the past ten years. The  
funeral services will be held at his  
late home, 103 E. Everett street, at  
2 o'clock Sunday afternoon.

The death of I. F. Edwards re-  
moves one of the most prominent  
men in Lee county and one of Dixon's  
best citizens. Always Mr. Edwards  
could be found fighting for what he  
believed was right in the civic life of  
the community, and he did not let his  
ill-health cause him to lose interest  
in the welfare of the community in  
which he resided, or the people with  
whom he cast his lot.

### Eminent Official.

As County Superintendent of  
Schools and as Mayor of the City of  
Dixon he was a fearless, efficient,  
pains-taking official, and the county  
and city are much the better for his  
having devote this life to the public  
weal.

### Candidate Recently.

At the last city election Mr. Ed-  
wards was a candidate for the Mayor-  
ality and despite his ill-health, which  
had reached an alarming stage, he  
carried on a thorough campaign.

In all his dealings Mr. Edwards  
strived manfully for the greatest good  
for the greatest number, he was fair  
to all, and sincere mourning will fol-  
low the announcement of his passing.  
Born In Amboy.

He was a native of Lee county,  
which accounted partially for his un-  
tingering interest in its welfare. Born in  
Amboy on Jan. 26, 1859, he spent his  
early life in this city, graduating  
from the Amboy high school in 1879.  
He took a country school at Rocky  
Ford soon after, and while teaching  
kept up his studies, which eventually  
gained him a position on the faculty  
of the West Side Amboy grammar  
school. In a short time he became as-  
sistant superintendent of the Amboy  
schools and later served as principal  
there for nine years, resigning to ac-  
cept the County Superintendent's  
office, to which he was elected in 1894.  
He served as County Superintendent for  
sixteen consecutive years, and during  
this time he labored faithfully and  
well for the betterment of the edu-  
cational facilities of Lee county's  
schools.

### Mayor of Dixon.

In 1904 he was elected Mayor of  
Dixon, which office he filled credit-  
ably until the inception of the Com-  
mission form of government six years  
ago.

Mr. Edwards was married to Miss  
Florence Eva Morris of Amboy, who  
preceded him in death about a year  
ago. He is survived by two children,  
George, of Dixon, and Mrs. Lester  
Leonard, of Rochelle; three grand-  
children and three brothers, the lat-  
ter being William J. and Arthur of  
Amboy, and John of Chicago.

He was a member of the Masonic  
lodge and the Elks, which bodies will  
probably attend the funeral services  
in a body.

### RECOVERING NICELY

Mrs. Eyer has returned from Chi-  
cago after a week's visit with her  
son, Robert Eyer, who was operat-  
ed recently. His friends will be pleas-  
ed to learn that he is recovering nice-  
ly considering that his illness has ex-  
tended since January.

Mrs. Edward McCleary of Pres-  
no, Cal., who was recently operat-  
ed upon at the Dixon hospital, has  
returned to the home of her par-  
ents, Mr. and Mrs. Abner Barlow.

I. M. Lehman and E. Kline of  
Franklin Grove were in Dixon Thurs-  
day evening.

# VOTE FOR LOWDEN FOR OUR GOVERNOR

Don't Forget Wednesday  
Sept. 13, is the Day  
to Cast Vote.

Frank O. Lowden is the man for Governor of Illinois.  
Next Wednesday, Sept. 13, is the day the voter should go to the primary. If you want Lowden for Governor, remember your vote will not count if you stay at home. Go and vote for him and take your friends along with you.

You are choosing a man to run the great State of Illinois for you. You are a stockholder in this big enterprise. You want the greatest amount of efficient service that can be given you at the lowest possible cost. Frank O. Lowden pledges four years of service.

FRANK O. LOWDEN.

vice in your behalf—not in building up a political machine at your expense.

Will Apply Business Methods.

He will apply business methods in state affairs. He will recommend the budget system of finances, that some responsible head may study the needs of government and reduce your tax burdens by holding down appropriations and making every cent expended secure its equivalent in service.

His Pledges to the People.

Frank O. Lowden is pledged to an effort to consolidate a hundred state commissions and departments into ten; to a greatly needed revision of antiquated tax laws; to fewer jobs for politicians and lower taxes for the people; to the development of your farms and live stock interests; protection of industrial workers in every line and to a square deal to the employer and the tradesmen and merchants of the cities and villages throughout the state.

Taken Cause to Voters.

He has gone to the people with honesty of purpose. His integrity is unquestioned. Not in years have the people of Illinois had the opportunity of selecting so capable and able a man for Governor as they now have in Frank O. Lowden.

Has Kept His Word.

Declaring he would not be the candidate of any faction, and that as a candidate he would make no promises, express or implied, or have any ally.

ances, either direct or remote, which would embarrass the free exercise of his best judgment in discharging the duties of Governor, should he be the choice of the people of Illinois, he has kept the faith and remained steadfast to the end.

Many Asking Special Favors.

Every voter of Illinois knows there are many different agencies in this state, seeking pledges from candidates upon some particular problem of interest to the particular group of people therein. Candidates opposing Col. Lowden for the nomination are boasting of the support of this or that group. Some groups are taking the position of political bosses in telling the voters how they shall vote in this primary.

Pledges Have Been Given.

Every voter knows when such organizations demand votes be cast for a particular candidate, that candidate, of necessity, has given a pledge TO SERVE A FACTION of the people, and that he is thereby EXCLUDED FROM SERVING ALL of the people with mature consideration and calm judgment.

Refuses to Serve Factions.

Frank O. Lowden declared he would serve no faction. He has been importuned but has refused to pledge service to a part of the people, however interested. He has pledged he would, if nominated for Governor, serve all the people. He will be as good as his word.

No Politics at Public Expense.

He has further declared he is a candidate for Governor and does not aspire to be a party boss. If nominated and elected, he will not use the office to build up a political machine in the interest of anybody.

Worked His Way Up.

Frank O. Lowden is a lawyer of experience. He is a business man of proven success. He knows the needs of the farmer because he has personally given years of his life to the work. He understands the cause of the workmen because in his younger days he was a part of the great army of world toilers. He has gone from the bottom of the ladder to the top because of ability. He has gone through this campaign without attack upon his opponents and has done nothing for which he need apologize.

Square Deal to All.

If he is Governor, the humblest citizen will find as hearty a welcome and as sympathetic a hearing as any other. All will be given a fair hearing and a square deal, whether it be the laborer or the employer.

A Big, Brainy Man.

Frank O. Lowden is big enough to be Governor of Illinois. His experience gives him unusual qualification for the work that will devolve upon him in the office. His character is beyond criticism. His position is known on public questions. He does not dodge or trim. He is not raising false issues and he has not engaged in mudslinging. He would rather be right and true to himself and principles embodied in the good old-fashioned American training received in his youth than be Governor.

All Can Support Lowden.

What candidate offers the people so much? What voter, no matter his creed or his ideals, who can not support Frank O. Lowden for Governor?

Remember the primary is next WEDNESDAY (not Tuesday), September 13. If you are with Lowden, go and cast your vote for him. The voter in the country has not for years had such a splendid chance as now to get a Governor who is a part of the country and knows its needs. Frank O. Lowden is the man.

After the excitement and good wishes had subsided, the members busied themselves with giving suggestions for the new home's furnishings, magazine pictures being pasted on cardboard to show the furnishings of the different rooms. ## How to avoid Operations

These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marquette, Wis.—"I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again."  
—Mrs. FRED BERNER, Marquette, Wis.

Detroit, Mich.—"When I first took Lydia E. Pinkham's Vegetable Compound I was so run down with female troubles that I could not do anything, and our doctor said I would have to undergo an operation. I could hardly walk without help so when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."  
—Mrs. THOS. DWYER, 999 Milwaukee Ave., East, Detroit, Mich.

Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 29 years old and weigh 145 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."  
—Miss IRENE FROELICHER, 1923 Manhattan St., North Side, Bellevue, Pa.

If you would like special advice write to Lydia E. Pinkham Med. Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

SOME people think that Ivory is a laundry soap. So it is. But that is not all. It is equally fine for the toilet and bath, and for the same reasons that it is fine in the laundry.

Because it is white, because it is pure, because it is mild, because it lathers freely and rinses easily, because it cannot harm the most delicate fabrics Ivory Soap is unequalled for all laundry work.

Are not these the qualities you desire in toilet soap?

The fact is, you cannot get a better soap for the toilet and bath than the floating Ivory. Do not let its low price make you think otherwise.

FRANK O. LOWDEN

## MINISTER POKES UP M'BRIDE.

Rev. A. E. Simester, a well known member of Rock River conference of the Methodist church, now stationed at Maple Park, Ill., has written an open letter to Mr. McBride, superintendent of the Anti-Saloon league, in which he shows his indignation over McBride's assertion that Col. Lowden is the candidate of the "wets." Rev. Simester was the minister at Lighthouse church for several years, the Lighthouse church being the closest church to Colonel Lowden's farm, and Mr. Simester lived neighbor to Col. Lowden and knows him well. In his letter Mr. Simester says in part:

You have repeatedly stated that Frank O. Lowden has the support and following of the wets. Would you have us believe that Hull has no wet supporters? In several instances known personally to the writer, the chairmen of Hull's public meetings in nearby towns and cities are "wet men" and I know many enthusiastic wets who are strong Hull supporters.

You state that the wet papers support Lowden. I personally know of papers radically dry which are strong in the support of Col. Lowden and you need not go very far out of your way to find real wet newspapers supporting Hull's candidacy.

You say Frank O. Lowden has a wet following. I can send you a list of names of men that are just as dry in practice and principle as any to be found in the office of the Anti-Saloon League who are supporting Col. Lowden.

As I have been intimately acquainted with Mr. Lowden for about ten years, most of which time I have lived close neighbor to him, I have repeatedly talked to him upon questions, which seriously concerned the general public good and have always found him to be right and square on every moral and progressive issue.

Frank O. Lowden is a man of the people and a friend of man. A man whose personal contact with the various problems that confront the masses and his successful solution of these questions in his personal life, well fits him to represent the whole people of the state in the high office of governor.

As to his stand on the liquor question, which seems to be the whole bone of contention, Mr. Lowden has repeatedly expressed himself as strongly opposed to the debauching of manhood and despoiling of society through the licensed saloon and is known through his community as a friend of local option and law enforcement. He asks us to send down the right kind of representatives and there will be no danger as to the kind of legislation. His great concern has been and still is the general good of the community in which he lives and in the state and nation of which he is a citizen.

I challenge any to cite a single instance where, by any act of his, he has sought to retard or burden progress.

You say he belongs to the wet bunch. Have you noticed Col. Lowden stooping to the low method of mud-slinging tactics in any of his campaign speeches so common to the wet crowd in their campaign and so much resorted to just now by certain state candidates? Usually a man will throw mud as a last resort—it shows that he is out of ammunition.

Col. Frank O. Lowden is too much concerned with the real problems that confront our state and nation; too keen in his observation of the vital, alarming conditions, and in his desire to have them remedied for the safety of state and nation, to listen to the world of slander and personalities that might be spoken by others, concerning his opponents.

Give us a man like Lowden in the governor's chair of our great state.

Yours truly,  
REV. A. E. SIMESTER.

## BARR FOR ATTORNEY GENERAL.

The office of Attorney General of the state of Illinois is one of the most important offices in the state and it behooves the voters of the republican party to nominate the best available man for that position at the primary election next week.

Richard J. Barr of Joliet is that man.

Those who may not be acquainted with the personal history of Senator Barr will be interested in the following brief story of his life:

"Richard J. Barr was born on a farm in Manhattan township, Will county, Illinois, on November 28, 1865.

His father died when he was eleven years old and he helped support his mother and seven brothers and sisters.

He taught a country school in Will county from 1885 until 1889 when he entered the University of Illinois.

He studied at the State university from 1889 until 1895, entered the law department of the University of Michigan, at Ann Arbor, in 1893, and graduated from that university in the class of 1895.

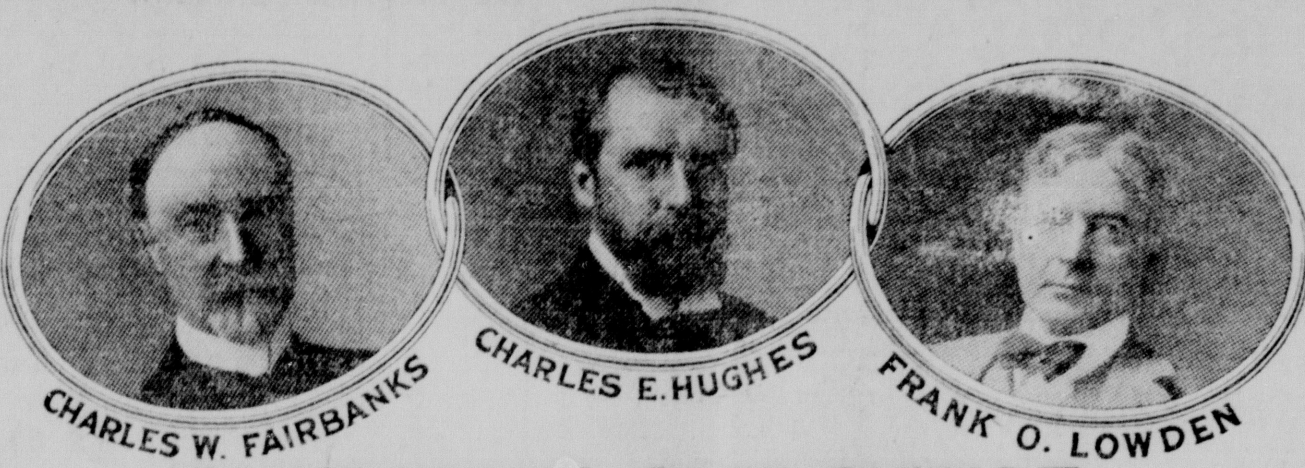

He was admitted to the bar and opened a law office in Joliet in 1895. He has practiced law in Joliet since that time, being the senior member of the firm of Barr, McNaughton and Barr.

He was elected City Attorney of Joliet in 1899 and in 1901 was elected Mayor of Joliet. In 1905 he was elected Mayor of Joliet for a second term, retiring in 1907.

In 1902 he was sent to the State Senate by the voters of the counties of Will and DuPage—the Forty-first Senatorial district—and has represented them in the Senate since, being re-elected each term since that time.

In 1906 he was married to Mary C. Dougall. They have two children.

A great deal could be said concerning the private and public life of Senator Barr, and all to his credit, for Richard Barr's career has been one of service to his fellow citizens and to his government. He made a splendid Mayor for Joliet, and his record in the state senate is enviable. The state of Illinois owes some of its most progressive laws to the work of Richard J. Barr in the Senate. As an experienced and capable lawyer, Senator Barr knows how to interpret the laws he has helped enact.

## "A THREEFOLD CORD CANNOT QUICKLY BE TORN ASUNDER"

The republican nominee will be elected. The party must nominate the man best qualified to fill the position, and, therefore, it is highly desirable from every point of view that Richard J. Barr receive the nomination of Attorney General at the republican primary next Wednesday.

## DO YOUR DUTY—VOTE WEDNESDAY.

No matter what your party affiliation is, or how trivial the contest on your party ticket may seem, it is your duty to go to the primaries on Wednesday next and vote. In days gone by men gave their lives that the right to vote might be given the coming generations, and now that the "coming generations" are here, we too often fail to value the privilege won at so great a sacrifice.

It is hardly conceivable that a man would fail to take advantage of his opportunity to have a voice in the selection of the man who will be governor of his state, but it is a true fact.

## BRITISH GAIN IS SEEN BY KAISER

Teutons Lose at Lenze as Emperor Looks on.

## FRENCH GAIN MILE AT VERDUN

Germans in Fierce Counter Attacks Fail to Retake Ground Lost on Somme—Combes' Fall Expected to Mark Next British Attack—Berlin Again Admits Reverse.

Paris, Sept. 8.—Emperor William, according to La Liberté's correspondent at the Somme front, is watching in person the fierce struggle that is going on for the possession of Combes. The British lines are now less than a mile from the town, with Leuze wood in their possession.

The chief gain of Wednesday's battle the correspondent says, was that of the French General Micheler's forces, which reached the railroad running from Roye to Peronne and held it for a distance of two and one-half miles, with the result that the German line of communications behind the Somme are now entirely in the hands of the entente allies.

Chaumes, says the correspondent, is only two-thirds of a mile distant from the French line and is expected to fall at any time.

## Now Dominate Barleux.

The capture of Berny-en-Santerre enables the French to dominate Barleux, which is the last point of support of the German second line of defense and completes the encirclement of Denescourt Park, for which a stubborn struggle is going on.

Along the entire Somme front the fighting went on, British and French forces attacking where the Germans were not counter attacking in a vain effort to regain ground lost.

The German official reports no longer tell of vain efforts by the French and British. Each day they admit some new loss, Thursday's saying: "The attackers have set foot in Vermandavillers." The attackers did more than set foot in it. They took most of it.

North of the Somme the Germans did most of the attacking. They tried to drive General Foch's men from Hospital farm, but were repulsed with big losses.

## Hand-to-Hand Fighting.

In Leuze wood, also north, and the nearest point to Combes reached by the British, there was desperate hand-to-hand fighting Wednesday night and a fierce struggle again Thursday. The British, however, held on, retaining all the wood.

South of the Somme, where the French gains have been great, the Germans also tried counter attacks, but lost heavily and gained no ground. Bolloy-En-Santerre and the recently gained ground south of Barleux were the objects of strong attacks which were dispersed by French artillery and machine gun fire.

Of prisoners taken in this region Wednesday 400 have been counted thus far. Many more were added Thursday.

French Gain Mile at Verdun. The French have captured the German first line trenches over a front of one mile on the Verdun front. The breach in the German line was effected on the front northeast of Verdun between the Vaux-Chapitre region and the town of Chenois. The French took 250 prisoners.

## RIPLEY TO FIGHT NEW 8-HOUR ACT

Santa Fe Will Go Into Court  
on Rail Law.

WILL PROBABLY STAND ALONE

Big Eastern Rail Interests Report Action on Their Part Still Under Legal Advisement—Constitutionality of Law to Fix Wages Without Means of Compensation to Be Attacked.

Washington, Sept. 8.—The announcement of E. P. Ripley, president of the Atchison, Topeka & Santa Fe railway, that his company will not comply with the federal eight-hour law for railroad employees, struck members of the senate interstate commerce committee as presenting an entirely new phase of the strike problem. In all the many hours spent in the discussion of the eight-hour law, it was said, no consideration was given to the actual enforcement of the law. It was accepted that the railroads would abide by the action by the congress as conclusive of the controversy and rely on the ultimate increase of freight rates to reimburse them for the increased expenditure for operation.

The theory was advanced that the Santa Fe would undertake to make a test of the constitutionality of the eight-hour law in behalf of all railroads. How this test would be conducted only could be surmised, it was said, but the view was advanced that if the Santa Fe officials refused to operate their road in the eight-hour pay basis, they would be indicted and in the event of conviction would appeal until the case was taken to the United States supreme court.

Possible Agreement for Men. Meanwhile some arrangements might be reached by which the operating employees would work on the present ten-hour basis in the understanding that they would receive the difference between ten-hour and eight-hour pay for the period of the judicial proceedings if the supreme court should uphold the law.

### Eastern Roads Undecided.

New York, Sept. 8.—Large Eastern railroads do not share the determination of E. P. Ripley, president of the Atchison, Topeka & Santa Fe railway, who announced that his road would not obey the new 8-hour law unless ordered by the United States Supreme court.

Investigation developed that the big Eastern roads have not decided upon what course to pursue, but have advised their head counsel to make an exhaustive study of the law, following which it is expected that Frank Trumbull, chairman of the Railway executives advisory committee, may call a meeting of the heads of the various roads and decide upon what step to take.

### Estimate 8-Hour Cost.

Estimates of the cost of the eight-hour law to the individual railroads made their first appearance.

A. H. Smith, president of the New York Central, said:

"The estimated cost per annum to the New York Central railroad is \$2,500,000 for classes of employees with whom the controversy arose. The newspapers quote labor organization leaders as stating numerous other classes of employees are covered by the law. If the law is so interpreted and applied, the above estimate would be largely increased."

George W. Stebens, president of the Chesapeake and Ohio, estimates that the 8-hour law will cost his road not less than \$750,000 annually.

The other large roads have not yet completed their estimates on what the increase will cost them.

### Highway Builder Hit by Auto.

Danville, Ill., Sept. 8.—Thomas McGuire, forty-four years old, of Dublin, Ind., employed in the construction of brick highways near Jamesburg, was injured seriously when struck by an automobile and is in St. Elizabeth's hospital here.

### Burglar Not for Free Silver.

Lanark, Ill., Sept. 8.—A burglar who evidently had a dislike for carrying around a pocketful of silver coins stole \$40 in bills from the cash register of the Otis Newcomer clothing store but did not molest a bag containing about \$75 in silver money.

### Horse Show at Easton.

Easton, Ill., Sept. 8.—The first annual horse show will be held at Easton Oct. 14 under the auspices of the Mason County Percheron Breeders' association. Cash prizes will be awarded.

## 4,000 CHILDREN CRIPPLED

Infantile Plague Has Left a Horrible Trail in New York.

New York, Sept. 8.—Babies recovered from infantile paralysis, but marked by withered limbs, are being discharged from New York City hospitals at the rate of between twenty-five and fifty a day now. It is estimated that about four thousand of these little cripples have been produced by the epidemic and of those more than one thousand must look to charity for the treatment of their limbs which will restore a measure of use.

## AMERICANS ON SUNK SHIP

Washington Inquires Regarding the Sinking of the Steamer Kelvinia.

Washington, Sept. 7.—Twenty-eight Americans aboard the British steamer Kelvinia were saved and landed at Glasgow when she was sunk Sept. 2, either by a torpedo or mine, American Consul McCunn cabled the state department. The Kelvinia sailed from Newport News, Va., Aug. 15 for Glasgow.

Consul McCunn will be directed by the state department to try to find out whether the vessel was sunk by a torpedo, and if so to report whether she was attacked with or without warning.

**ROCHELLE**  
Rochelle, Sept. 7.—It is interesting to note that Lloyd Ingraham, who grew to manhood in Rochelle, is advancing rapidly in the theatrical profession. The Labor Day bill at the Princess included the 5 reel triangle play featuring Mae Marsh and Robert Harron in "A Child of the Paris Streets," by Grant Carpenter under the direction of Lloyd Ingraham and under the supervision of D. W. Griffith. Mr. Ingraham is a nephew of Mrs. Joseph Parker, of 406 Main street. He was a grandson of the late Mrs. David Navarro and a playmate of Roy and Clifford Furlong during their childhood days. He has followed the call of the footlights his entire life. For a while he was a manager of one of the largest New York theaters and has played in important plays staged in Chicago. His first wife was a leading lady in a number of productions in which Mr. Ingraham has a part. His first appearance in the movies before a Rochelle audience was in the leading role of Mr. Darby in the "Divorcee".

### How the French Invest

The French have long been known as the shrewdest investors in the world. In France people of small incomes buy a few shares of stock, or bonds, and pay for them in easy monthly installments. Some time ago this plan was introduced in America and already over 30% of the Stock Exchange transactions are in "odd lots." This shows how safe and profitable people of small income find this method of saving and investment. You may buy one share or more, and terms of payment may be arranged according to your income. ### WEST BROOKLYN.

Wm. Blitner and Peter Barnickel and their sons were visitors in West Brooklyn Wednesday.

The local baseball team went to Franklin Grove Friday and met defeat at the hands of that team by a 5 to 3 score. The boys say it was a very poorly played game on their part, and should have been won had they played the brand of baseball of which they are capable.

S. J. Holden was in town Wednesday on business.

Mr. and Mrs. Chris Dingler of Sterling were guests of H. A. Bernardin and family in their home Monday.

C. J. Betz was here Wednesday on business.

Jos. J. Barr has leased a farm in DeKalb county and will move to that location next spring. His farm is across the road from that owned by C. C. Weber. Mr. Weber has recently sold his place at a handsome profit, and this is cheering news to his many friends in West Brooklyn. We all hope Christian comes back to our locality to live.

P. M. Fassig was in town Wednesday from South Brooklyn.

Fred Oster and family of Mulbrook motored to our town on Labor day and were guests of friends and relatives.

John Sarrenson and wife of Viola were here Wednesday.

The local baseball team went to Mt. Morris Saturday and made the team at that place extend themselves to the limit to win a game by a score of 1 to 0. It was a fine game to see and a big crowd enjoyed it. A number of local fans accompanied the team to Mt. Morris.

C. H. Clark and wife of Lee Center called on friends in West Brooklyn Wednesday.

Subscribe for the West Brooklyn News today, \$1.50 per year.

Claude and Albert Gehant left on Wednesday for St. Louis college on Peru to take up their studies for the coming school year. F. D. Gehant accompanied the boys, taking them and their baggage across country in the auto truck. We all wish the boys well.

W. H. Glaser was in town Wednesday on business.

The local schools convened Monday but on account of the holiday no work was done except to assign the various classes and plan the work to be started the following day. A goodly number of outside students are again attending the high school department this year and the work promises to be equally as successful as that of last year. The same corps of teachers are again with us and there is no reason why the standard of the local school

should not be on a par at least with that of last year. From an experience standpoint it should exceed that of 1915.

The village council held its regular monthly meeting in the city hall Monday night.

J. H. Michel motored to Earlville Tuesday with a party of local people.

J. W. Thier was in town Monday on business.

The weather kept many in West Brooklyn from attending the clam bake in Dixon Labor day.

The Foresters' annual picnic was held in the grove northeast of town Sunday and a fine time was had by all present. The day was ideal and added greatly to the occasion. Lunch baskets were well filled by the housewives and the following furnished on the grounds by the court made a great feast for the tastes of the picnicers: Clams, pop, ice cream, lemonade, beer, pop corn and seasoning. This was the best picnic ever held by the local court and the evening successfully set too soon for many could have remained longer so good a time were they having. The young men played the married men a game of baseball and were defeated, 10 to 13, and in the races and athletic events there were so many winners we were unable to secure all their names and the cash prizes each winner received.

August Pfeiffer of Ashton was in town Wednesday.

Here's one game we won. West Brooklyn defeated a Dixon team on Sunday afternoon by a score of 16 to 0. It was a game in which the locals were so far superior to their opponents that the playing was not even interesting. Clarence White drove out a home run with the bases filled. If we could have used a few scores of this game we did not need in the count of the other games of the week we could have won all of them.

Miss Frances Craighead returned Sunday from the Lincoln hospital in Rochelle and is progressing nicely toward the recovery of her health. This is cheering news to hear.

George Frendrich of Aurora is here again working on the well. It has been two months since he quit work and we are told that he was ill with rheumatism.

M. E. Long, clerk of the local M. W. A. camp, is in receipt of the following letter from Robert Starkey, written at his home in Grattinger, Ia., which will prove interesting to our readers: Dear Mr. Long: I enclose draft to pay my dues to Jan. 1, 1917. The crops are fine this year, oats making 50 bushels per acre and corn all seeded now. This leaves us all well and hope it will find you the same. I remain, yours, Robert Starkey.

The report was circulated in the press that a case of infantile paralysis was found in West Brooklyn. This

is not true and we trust the rumor will spread no farther. It is hardly fair to local people to spread such news when there is not a case of sickness of any nature in the town. We are told that about ten miles north-east of here, however, there is a case of the disease but that the afflicted are getting along well.

J. D. Neighbour returned to Chicago Monday after a visit with friends and relatives here.

Mr. and Mrs. Henry S. Jeanguenal were here Tuesday, returning from a Sunday visit with his brothers in Dixon.

F. D. Gehant is installing a new furnace in the restaurant.

The local baseball team participated in the Earlville home coming on Tuesday to the tune of a 5 to 0 defeat by the fast Earlville Rangers. Boys, you can never win a championship on such a record as that of the past week and we trust all the bad playing is now out of your system and that you will be able to win every game from now until winter. You are deserving of it and still have time to compile another string of eleven straight games.

Henry F. Gehant, Louis and Wm. Untz left for South Dakota Monday night to look over the country for a few days.

J. G. Halboth of South Brooklyn was here Wednesday. So was Chris Zimmerman, his neighbor.

The directors of the West Brooklyn Farmers Elevator Co. did not hold their regular meeting Monday afternoon on account of the Labor day holiday.

During the electrical storm Tuesday night the lightning struck the barn on the J. N. Zinke farm and caused it to burn to the ground with all its contents of 2000 bushels of oats, hay, feed and everything except livestock. Three horses were in the barn at the time the fire started but Mr. Zinke succeeded in getting them out. Right after harvest is the worst time of the year for such a happening and this makes the loss all the greater. The property was insured in the Farmers' Mutual of Bradford but of course not for any valuation near what the actual amount of the loss will be.

### COMPTON

Compton, Sept. 7.—Mrs. Clara Fairchild returned home recently from Nebraska, where she visited friends and relatives.

Lightning struck the residence owned by Mrs. Ellen Hyde. The damage was slight, only a few shingles torn off near the chimney.

Conrad Gantz, living south of town, was quite seriously injured Monday. While driving his mule team they became frightened, ran away, throwing him out; two wheels of the wagon passed over his body; he was brought to the L. E. Kutt home, where he is being attended by Dr. T. G. Pool.

Compton High school began Monday, Sept. 4th, with the following corps of teachers: Prof. H. C. Elster, Miss Flora M. Seals, Miss Marie Strube and Nellie Oederkirk.

Eight of our Compton school graduates are attending the Pawnee High school.

Seniors—Weldon Johnson, Forrest Merriman, Ralph Carnahan, Robert Anglemier, Robert Richardson and Miss Ella Bauer.

Juniors—Clifford Archer and Miss Luella Fairchild.

Mr. Butler of Princeton was making business calls in town Wednesday.

Mr. and Mrs. Alex Beemer returned to their home in Austin Tuesday morning having visited with their parents, Mr. and Mrs. Levi Beemer over Sunday.

Mr. and Mrs. Charles Bradshaw arrived home from their outing trip in Wisconsin Sunday, having enjoyed the scenery and various sights at Kilbourn, The Dells, Lake Geneva, Williams Bay, where the Yerkes observatory is located.

## TUTRUKAN WON BY BULGARIANS

Roumanian City With 20,000 Prisoners Captured.

## ROUMANIA WINS ELSEWHERE

Strong Passes in Carpathians Captured and Drive into Hungary Continues Without Check—Greeks Retake Kavala Forts from Bulgarians. Petrograd Admits Loss in Roumania.

London, Sept. 8.—With more than 50,000 Roumanians captured by the Bulgarians and their seven forts the invasion of Roumania, which is now threatening Bucharest, and the sweep across Dodruje to cut the main Roumanian line of communication with the Black Sea port of Constantza continues.

The capture of Tutrukan is officially announced by Berlin and confirmed by Petrograd.

While the outlook is growing more serious for the Roumanians each hour on their southern border and along the entire Danube frontier Bucharest makes no official comment upon that phase of the fighting but claims continued victories in the Transylvanian invasion with the capture of Gyergyoditro-Orsova pass in the northwestern frontier. Valuable booty is declared to have been captured from the Hungarians in this coup.

## Revolving Greeks Seize Forts.

London, Sept. 8.—The first important victory for the revolving Greeks who have organized to aid the allies is reported in a Saloniki dispatch which says Colonel Christodoulos with the troops of the Greek garrison of Sorea has reached the Aegean seaport of Kavala and wrested two forts from the Bulgarian invaders there.

Greek sources last week reported that Christodoulos and his 3,000 men had been captured by the Bulgarians. An Athens dispatch says King Constantine received 150 officers of the Greek garrison of Saloniki, who refused to join the revolt, and thanked them for their loyalty.

"With such an army, having at its head men of your morale, your sentiments and your faith, I am ready to face an enemy," the king said.

In the northwest Vienna admits a retreat before a Roumanian encircling movement which took place 20 miles within Hungarian territory. Heights southwest of Dornawatra have been yielded to the Roumanians. The Austrians, retired to the heights west of Olah Toplitz.

## HANLY IS AGAINST RAIL ACT

Prohibition Candidate Says It Is Not 8-Hour Day Law.

Indianapolis, Ind., Sept. 8.—The National Enquirer, a weekly newspaper edited by J. Frank Hanly, prohibition candidate for President and his associates, publishes an editorial condemning the Adamson eight-hour bill as a "perilous precedent," and declaring that the measure will not redound to the best interests of labor.

The editorial was written by Mr. Hanly, who says he believes it to be his duty to speak his opinion candidly on the subject. He says the act itself contains something less than 700 words, but that the things for which it stands can be told in seventeen words. These are the seventeen words, he says: "Ten hours pay for eight hours' work, with a commission to note and report the effect thereof."

## CARMEN FAIL TO COME OUT

Service on New York "L" and Subways About Normal.

New York, Sept. 8.—Despite a strike order intended to affect 18,000 employees of the subway, elevated and New York Railways systems—the latter surface cars—and tie up the traffic of New York, normal service was being maintained.

William B. Fitzgerald, strike leader, admitted that the motormen of subway and "L" trains had not responded to the strike call. Trains on these lines, handling the bulk of the city's passenger traffic, were running on regular schedule. Places of guards on the cars were taken by strike-breakers in many instances.

## HENRY FORD SUES TRIBUNE

Auto Manufacturer Claims \$1,000,000 Damages for Editorial.

Chicago, Sept. 8.—Henry Ford, the Detroit automobile manufacturer, filed suit against the Tribune company of Chicago in the United States District court here.

He seeks damages of \$1,000,000. The suit is based on an editorial published in the Chicago Tribune June 23, 1916, entitled "Ford is an Anarchist," and asserting Mr. Ford would discharge from their positions any of his employees who joined the national guard.

## HALICZ IS FIRED BY GUNS OF MUSCOVITES

Russians Add 5,600 to Their Captive Rolls.

London, Sept. 8.—Halicz is in flames. The key to the Austrian capital of the province of Galicia has been set on fire by Russian light artillery. The Muscovite 75s are within three miles of the 15,000 city, sixty-three miles southwest of the provincial capital. Light ordnance as well as heavy guns are being brought to bear on the big railroad center.

The Russian statement says that Russian troops have occupied the rail way line between Halicz and Semiovitze and Vodniki.

In the fighting in eastern Galicia Wednesday, the announcement says, the Russians took 5,600 more prisoners.

Petrograd, Sept. 8.—On the northern part of the front Russian troops crossed the Dvina in small force and captured part of a German position.

## Miners' Race to Be Close.

Terre Haute, Ind., Sept. 8.—Reports received at the district offices of the United Mine Workers of America show that John H. Walker of Iowa will give John F. White, incumbent, a close race for election to the presidency when the vote is cast Dec. 6. The reports show that Walker's name was placed in nomination by 325 locals and White's by 352. This will give White first place on the ballot.

## CORROBORATION

Of Interest to Dixon Readers  
For months Dixon citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Dixon residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement? The following statement should carry conviction to the mind of every Dixon reader.

B. A. Worley, blacksmith, Peoria Ave., Dixon, says: "The action of my kidneys was irregular and annoying and my back ached after using Doan's Kidney Pills, the pains left my back and my kidneys became regular in action." (Statement given May 21, 1912.)

OVER TWO YEARS LATER Mr. Worley said: "Whenever my back gets lame and sore and I need a kidney medicine, I use Doan's Kidney Pills. They give me relief."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Worley has twice publicly recommended. Foster-Milburn Co., Props. Buffalo, N. Y.

**WINS A HUSBAND BY PITCHING HAY**

KANSAS STUDENT HER MATE IN HARVEST, PICKS HER FOR HIS MAUD MULLER

**UNUSAL ROMANCE TOLD IN COURT**

Young Woman Also Wins Suit for Back Pay When She Still Was a Farm Hand

Wichita, Kan.—Maud Muller, according to Whittier raked the meadow sweet with hay, and forgot all about her briar torn gown, and her graceful ankles, bare and brown, as she won the heart of the judge. But Mary L. Bennett, a Kansas Maud Muller, won her sweetheart while wielding a pitchfork and wearing blue denim overalls.

This is the story that Mary told and she has a husband to prove it, and she made her word good enough for a court to order her employers to pay her \$52, which she had earned by making a "hand" in a hayfield.

Mary Bennett, is an orphan, with a sister living in Texas. At the death of her parents she went to live with neighbors, Mr. and Mrs. Peter Jason, in Sedgewick county. She grew to young womanhood in her home, and during the summer she was paid the regular wages of a farm hand. She was strong and young and as good a farm hand as the average man.

For three years Mary Bennett pitched hay alongside the men. Last summer Charles Lee was one of the workers in the field. The girl and the young man worked side by side. He was a college student working to earn money to help pay his way thru school. They got along so well at their laying and in the wheat fields that Lee decided they would be exceptionally good teammates for life.

Lee was graduated early in May and was offered a job at Wichita. He first went to the Jason home and took Mary over to a minister's and they were married. Then he went to work.

When Mary left the Jason household she said the Jason's owed her \$76 in wages which they refused to pay. So the young husband hired a lawyer and suit was brought in Judge Grover Pierpont's court for the money. Mrs. Lee, as a witness told how she had pitched hay 12 hours a day, day in and day out, for three years, and humbly admitted to the court that she and Lee had made love over their pitchforks.

The Jasons maintained that they had helped rear her and had taken care of the girl, when she was ill. Judge Pierpont decided that Mrs. Lee should pay for care during her illness and awarded her \$52 in cash and told Jason he did not want any delay in payment as the young couple needed the cash for furniture.

**WOMAN MADE DUMB BY SIGHT OF SNAKE**

Among Gifts of Flowers and Fruit She Finds Bottle of Cider—Bang!—Cured.

St. Louis, Mo.—Mary Zubotski, 26, of East St. Louis, is the happiest patient in St. Mary's Hospital. Her voice, which for two months was gone from her has returned. She is no longer "so lonesome," as she says in her broken English.

Two months ago Mary was walking home from work thru Emerson Park. Some boys were playing with a snake and threw it at her. She became so frightened that she could not scream, and from then she was unable to speak a word.

She continued to go to her work daily, but often had nervous spells. Her nerves became worse, and she temporarily lost her hearing. She was taken to St. Mary's Hospital.

Her friends brought her gifts of flowers and fruit, and one brought her a bottle of fresh cider. This cider remained in the room, bottled, and in the night the warmth of the room caused it to ferment, so that the stopper shot off making an explosive sound so loud that Mary was able to hear it.

The noise frightened her and brought back her voice. She began to talk in the middle of the night and has been able to talk a little more each day.

**MINISTER VICTIM OF TRANCES**

Cleveland, Ohio—Rev. Henry Shrader is of the opinion that trances work for good and evil. For it was the result of a trance that he married and it was the result of a trance that he and his wife separated.

So he testified when seeking a divorce before Judge Pearson of the court of common pleas. Shrader gave his present occupation as a salesman of corn salve and bunion plasters. Before the trances, to which he said his wife was subject, he was a United Brethren minister in churches in Bremen, Norway, Baltimore and Connecticut. He testified his marriage took place after his fiancée told him she had conversed with his widow during a trance.

In another trance she accused him of stealing her watch, and the separation resulted. Mrs. Shrader lives in Albion, Ohio.
